## Foliage Color Season

The autumn foliage season will be upon us within a few weeks and fortunate will be those who plan to enjoy its beauty and arrange in advance for a trip by motor. The height of the season about Northfield and in Southern New Hampshire is usually about October 1 to 14, depending somewhat upon the weather.

From Northfield drives may be taken in any direction, some covering miles and others within a limited area. Summer visitors who prolong their stay in Northfield to view the scenic treat manage to be in a trip about the Monadnock region and it's not difficult to get about on the many trails. Starting from here, go to Winchester, through Richmond and Fitzwilliam to the Rindges, thence to Jaffrey or Peterborough and make the circuit complete by returning via Keene. It will be a ride to remember.

Of course a trip over the Mohawk Trail, thence to Bennington and return by way of the Molly Stark Trail will never be forgotten. If you want to see nature's display of grandeur by all means make a trip. However, if you have no car, a walking trip will bring you much of the pleasure. Northfield is in the center of it all.

## Doctors Charge More

The doctors of Northfield are raising their rates for house and office calls to correspond with those charged by other doctors in the county. All the other doctors have increased their rates for several months. The new rates will be \$3 for office calls and \$4 for house calls. These new rates will be effective September 1.

Rev. and Mrs. W. H. DesJardins, of Newark, N. J., returned to their home on Wednesday. Mrs. DesJardins, who has been very ill, recovered sufficiently to make the trip by arranging a bed in the car. Their daughters, with their children, followed in another car. Much sympathy is expressed to Mrs. DesJardins by many friends.

## Rev. Dr. Brooks Passes

Rev. Dr. Arthur T. Brooks, of Boston, for twenty-five years pastor of the Dudley Street Baptist Church, died Friday, August 15, at the Newton-Wellesley Hospital after a long period of ill health. He made his home in Roxbury and had retired from active ministry about a year ago. He was the owner of Bethany Cottage in the Highlands here where during past years a camp had been conducted by his church for young women. Bethany cottage was dismantled and sold about two years ago.

Dr. Brooks became pastor of the Roxbury church in 1921 and built his congregation until it was one of the largest in New England. His first pastorate was in New York where he founded Grace Baptist Church. He later served at the Baptist Temple in Brooklyn, N. Y.; Madison Avenue Baptist Church, New York, and the Church in Tarrytown, N. Y., of which the elder John D. Rockefeller was a member.

Dr. Brooks was born in Brighton, England, and came to this country when he was 8 years old. He was a graduate of Colgate University, New York University and the Union Theological Seminary in New York. An outstanding scholar, he won membership in the Royal Geographical Society for studies made here.

He found time from his church work to teach at Gordon College of Theology and Missions and to lecture in other educational institutions in this country and in Europe.

He leaves his wife, Olive K.; two daughters, Miss Olive K. Brooks and Mrs. Herman Green; two sisters and two brothers, and a grandson.

Funeral services were at the Dudley street church the following Monday and burial was in Mt. Auburn Cemetery, Cambridge.

The beginners, primary and junior classes of the Sunday School of the Congregational Church will begin their sessions for the season next Sunday morning at 10 o'clock.

## Miss Putnam Dies

Miss Mary K. Putnam, 83 years of age died at the Franklin County Hospital on Sunday, August 31, to which she had been removed a few days previously following a long illness. She was an aunt of Mrs. Edgar J. Livingston, of Highland Ave., with whom she made her home for the past eight years. Miss Putnam had spent her early life in Boston and at Nashua, N. H. Surviving are several nieces and nephews. Funeral services were held at the Hodgden Funeral Home in Greenfield Tuesday evening and burial was the following day in Edgewood Cemetery in Nashua.

## Marry September 20

Miss Janice Alma Meyer, daughter of the Rev. and Mrs. Harry Louis Meyer, of Fall River, and David Payson Flood, of Boston, will be married at the Congregational Church of Fall River on Saturday, September 20, at 4 o'clock. Miss Meyer has spent the summer here for the past two years at the summer residence of her parents in Mountain Park and has made many friends who have received invitations through the mail this week.

## From African Mission

Mr. and Mrs. John Marsh, missionaries in Rhodesia in Africa of the American Board, Congregational Church, and their family, spent the summer here in Mountain View cottage in Mountain Park. They left this week for Auburndale for the winter's stay and in the spring expect to return to their former assignment. Friends and neighbors were very much interested in the description of their experiences in Africa.

Francis P. Stimson, assistant postmaster of Greenfield, is now retired after many years of active service and he was tendered a banquet as a testimonial by his many friends, officials and employees of Franklin County Thursday evening, August 28, at the Mansion House. Merritt C. Skilton, East Northfield postmaster, was one of the speakers representing the Postmasters' Association.

Mr. and Mrs. Charles D. McKim, of Yonkers, N. Y., have closed their summer place on Winchester Road and returned to their home.

Rev. and Mrs. W. R. McDermott, of Long Island City, N. Y., who have a summer home here, have spent this season visiting on the Pacific Coast and with their daughter in Denver. They plan a few days here this fall.

A son, Mark Gilchrist, was born to Mr. and Mrs. Stanley Tennel, of Mt. Hermon, at the Franklin County Hospital on Wednesday, August 27.

## The Cheshire Fair

The Cheshire Fair, of the Monadnock region, is well on its way to another banner year. Entries are from near and far in agriculture (education and industry).

Bolton Hall, the new industrial building, dedicated to Hiram O. Bolton, of Ashuelot, for many years treasurer and general manager of the Cheshire Fair. The building and tents this year are under the direction of Harry Swanson, of Keene.

The SMS Ranch rodeo, which proved popular last season, is returning again with many new features and specialties. Thursday is opening day, with students admitted free, and a large display of fireworks in the evening. Dr. Edgar Fuller, commissioner of education, will be the guest speaker in the afternoon. An all-day horse show, one of the most popular features of the Cheshire Fair, will also be held. The Cheshire Fair band will play each afternoon and evening.

Friday will be Governor's Day and special features will include the New England sheep dog trials and ox-pulling contests.

On Saturday the dog (bench) show will be held, a new feature of the Cheshire Fair this year. There will also be a sheep shearing contest and horse pulling, in addition to the usual events.

For those who enjoy a midway there will be plenty of good clean fun. Several kiddie rides will also prove popular to the youngsters. The Cheshire Fair has always been noted

The Northfield Schools will reopen for the year on September 15. Members of the faculty are already returning to Northfield.

Mr. Elizabeth Taylor and young daughter, of New York city, who have spent the summer in the Ethel Allen house in Mountain Park, returned to their home last Tuesday. Mrs. Taylor will again teach this winter at the Ethical Culture School.

Rev. and Mrs. Harry L. Meyer and family have ended their stay in their summer cottage in Mountain Park and returned to Fall River this week. However, they expect to return for a stay during the foliage season.

Mr. and Mrs. Earl Ward, of Lebanon, N. H., are spending this week in town visiting former friends. They are guests at the home of Miss Alice Drake. Mrs. Ward will be remembered as the daughter of the late Mr. and Mrs. A. H. Mattoon.

Rev. and Mrs. Lawrence Sibley, of Cavendish, Vt., who have a summer home in the Highland sector, returned home last Tuesday accompanied by their two children.

A good home is wanted for a Persian cat and her two young kittens. Perhaps they already belong to someone and have become lost. Call Mrs. Cornell on the phone if interested.

Rev. and Mrs. W. H. Bollman and family, of Lancaster, Pa., have closed their summer residence on the Ridge and returned to their home.

for its fine exhibits and this year will be no exception.

## THE LAW OF LIFE

"If people could understand each other, we should have democracy at one stroke. Without mutual understanding, without tolerance, there is no freedom. Only when we are completely truthful and open with one another can we learn to know one another; but without love there is no truth, and without truth and love we cannot know our fellows. Love is the great moral strength, the source of all reciprocal sympathy, help and collaboration. A normal life is an active cooperation in God's order of the world. Love, fellow-feeling, united effort—that is the law of life, whether it be for two people, a family, a nation, a state, or a race. I know no other law."

Editors Note: The above quotation from the writing of Thomas Garrigue Masaryk is included in the Year program book of the Northampton Woman's Club for inspiration and attainment. And by the way the program booklet of the club contains some 86 pages, well printed and neat appearing and perhaps the most attractive printed by the printer of the Northfield Press at Northampton, of several already issued.

What do you think  
is the greatest invention?

Atomic energy — radio — the wheel — airplane — electricity — automobile — ocean engine — telephone — printing press — take your pick. What do you think is the greatest invention ever made?

In a recent Gallup poll, the American public voted electricity the greatest invention of all.

And no wonder! It would be hard to imagine life without electricity. We

depend on it for so many things — in our homes — in business and industry — in transportation and communication.

But one of the biggest reasons for its popularity is its low price. The cost of electric service has gone steadily down and down, until today a dollar spent for electricity goes farther than any other dollar in the family budget.

All of us know the time-honored poem, "THE VILLAGER SMITHY." A visit to the shop of Henry A. Blacksmithing and wheelwright work have ever played an essential part in the development of our country. In turning the pages of time back and not into the too distant past we see a different era. The horse, wagon and carriage age—times have changed, it is true—however, it is not an overstatement by any means to say that the work of Henry A. Glabach is, today, appreciated perhaps more than ever. The services of Henry A. Glabach are most eagerly sought. The horse, wagon and carriage are indeed coming back into their own. In wheelwright work Henry A. Glabach is an artisan of the OLD SCHOOL and he is experienced in meeting

every problem in this line. In fact, his background in this TIME-HONORED endeavor covers over 25 years.

CONSERVATION is the keynote, of the day. In this respect the specialty work of the blacksmith covers many phases. SAVE WHAT YOU HAVE—MAKE IT LAST. It is your POST-WAR DUTY. The work of Henry A. Glabach includes the making to order from rough materials many essential pieces that serve MANUFACTURERS, AGRICULTURISTS, TRUCKERS, HOME and AUTOISTS — especially during this time.

In this our Trade District Business review the writer is pleased to point out and recommend Henry A. Glabach, the "TRAVELING BLACKSMITH" to all our readers. It is in doubt about anything in this field call on Henry A. Glabach personally or give him a phone call. You can be assured you will always find him most courteous as well as efficient.
